118 [10:01:52] <erratic> I think if we all worked together we could turn a substantial number of the internet's rogue bots into our
own outlet that would finance our projects

119 [10:02:36] <erratic> I do it all the time

120 [10:02:42] <erratic> just think of what we could do collectively

121 [10:03:34] <erratic> as long as we dont get much bigger of a group than we are now

122 [10:04:25] <erratic> I'm pretty careless but I'm careless because nobody gives a fuck

123 [10:04:33] <erratic> but I could stand to be less careless

124 [10:05:09] <erratic> seriously like

125 [10:05:13] <erratic> the shit I've done

126 [10:05:27] <erratic> way worse than what adrian lamo got arrested for initially

127 [10:05:41] <erratic> and that guy made his whole fucking career off being a scene whore

128 [10:05:53] <erratic> RIP adrian
